[www.arp.com.au](http://www.arp.com.au)

Since 2003, Australian Retail Products has been a leading supplier of diverse retail equipment, catering to a wide range of needs. Our product lineup includes shopping trolleys, convenience trolleys, plastic shopping baskets, wheelie baskets, materials handling equipment, safety platform ladders, and much more.

At Australian Retail Products, our main focus is on our valued customers and their individual requirements. Providing exceptional service and support to our customers is ingrained in the very fabric of our company and remains our topmost priority.

# Our Business...

## About Australian Retail Products

Operating since 2003, Australian Retail Products are a supplier of various types of retail equipment including: shopping trolleys, convenience trolleys, plastic shopping baskets, wheelie baskets, materials handling equipment, safety platform ladders and much more.

Australian Retail Products focuses on our customers and their unique requirements. Serving and assisting our customers is part of the DNA of our company and is always our number one priority.

Combined with industry leading innovation and our '1 Year - Made for Australia Warranty', Australian Retail Products is recognised as one of the leading retail equipment solution providers in the world.

## Warranty & Maintenance

Australian Retail Products industry leading '1 Year - Made for Australia Warranty' gives our customers peace of mind, and allows them to get on with business, without the problems associated with faulty and failing equipment.

Our warranty assures our customers that their equipment will function as it was intended, under the harshest conditions in our unique Australian climate.

## Dealer Network

Our Authorised Dealer Network was established in 2008 after recognising the need to provide national coverage for our existing and potential customers.

Our Authorised Dealers are stand alone businesses in their own right offering their own products and services to the retail industry including retail equipment maintenance, shop fitting, shelving, relay services, general store maintenance, custom fabrication and more.

Having this unique presence in each state sets us apart from other retail equipment suppliers in Australia. Our people on the ground are valued people and business owners who pride themselves on the products and services that they offer whilst striving to meet and exceed customer's expectations at every opportunity.

# Convenience Trolleys

## 60Ltr Convenience Trolley

### Model # C60

(Baskets sold separately)

Our convenience and shopping trolleys prioritise safety and ease of use. Each trolley features four swiveling castors with durable rubber wheels, ensuring smooth movement.

Built to endure the challenging Australian outdoors, all plastic fittings are made from robust, UV-stabilized material, providing long-lasting resilience against harsh weather conditions.

You can personalize your trolley with a selection of standard colors: red, blue, green, black, yellow, or dark green. Regardless of your choice, our trolleys are crafted from zinc-plated steel, ensuring exceptional durability and longevity.

- Non absorbent easily cleaned, just hose off
- Made from EVA foam plastic blend with beveled edge
- Light weight: a 85cm x 150cm size is under 2kgs
- Impervious to oil, acids, chlorine and solvents
- Available in variety of colours & sizes

### Premium Anti Fatigue Mats

- Constructed from nitrile and natural rubber
- Designed for exposure to grease and oil
- Available in black and red
- Standard size 90cm x 150cm

### Synthetic Grass

- **Versatile:** Perfect for outdoor areas, playgrounds, events, etc.
- **Durable:** Sturdy polypropylene for long-lasting use
- **Realistic & Flexible :** Looks like a neatly mown lawn
- **Customizable:** 2000mm widths, cut to size
- **Fray-Resistant:** Loop pile prevents fraying
- **UV Stable:** Resists fading and UV damage

## Citruswix

Citruswix Wipes are a non alcohol based sanitation wipe which will sanitise your trolleys and kill any of the little nasties which may be hiding on the handle or baby seat and may cause illness.

Each wipe is manufactured on a soft, supple spunlace rayon cellulose fibre base which is then embedded with Proprietary Water (96.887%), Alkyl Dimethyl Benzyl (0.416%), Kathon-CG (0.047%), Triethylene Glycol (3.00%), Versene-Tetraaammonium EDTA (0.10%) and Ammonyx LO (0.05%).

Citruswix wipes have a pleasant citrus fragrance and are 100% biodegradable. Being non alcohol based they are friendly to the environment, your customers and your equipment.

### Citruswix Dispenser Options

Wall  
Dispenser

Wall Dispenser  
w / sign

### Citruswix are suitable for use in a variety of circumstances & locations including

- Supermarkets
- Gaming venues
- Gyms
- Pet Shops plus many, many more

# Maintenance

Australian Retail Products have a network of maintenance contractors around the country who are ready, willing and able to maintain your trolley fleet at an affordable price. All our quality parts are tested and manufactured to Australian conditions and will provide you with many years of continued service in the harsh Australian climate. The benefits of a Preventative Maintenance Program for your Shopping Trolleys are below.

## Safety

Customer and Staff safety is the number one priority for all retailers. Bent shopping trolleys are unstable and can tip over. The risk is even greater when a child is on board. Broken or missing child restraints increase the risk of injury as do sharp broken basket wires. Travelator wheels and brake assemblies require regular maintenance to ensure proper operation on travelators.

## Brand Image & Perception

Customers are paying closer attention to the condition and functionality of the shopping trolleys. One of the main customer complaints is that the trolley is difficult to manoeuvre. Eliminating this problem dissolves any frustration felt by the customer, making for a more pleasant shopping experience which increases customer spend, develops loyalty and reduces customer complaints.

## Extend the Life of the Shopping Trolley

Preventative maintenance is critical to getting extended life out of your valuable asset. Our preventative maintenance programs will ensure that your fleet is in service when needed most, especially during busy shopping periods such as weekends, catalogue days, Christmas and Easter. Regular inspection and lubrication of moving parts will prolong the life of components.

## Prevention Against Liability

One successful liability claim can cost more than the Company's entire maintenance program. Regular maintenance to your trolleys will fix any potential hazard such as sharp protruding wires, bent or misaligned frames, loosely fitted baby capsules, broken child restraints and worn travelator brakes.

## Cost & Time Savings

A Preventative Maintenance Program will save the retailer time and money by reducing man hours needed to manage and administer expensive call outs. Regular low cost scheduled visits to each store will pick up on any potential issues before they become an emergency situation. The involvement of Store Managers, Operation Managers, OH&S Managers and Maintenance Coordinators can be avoided.

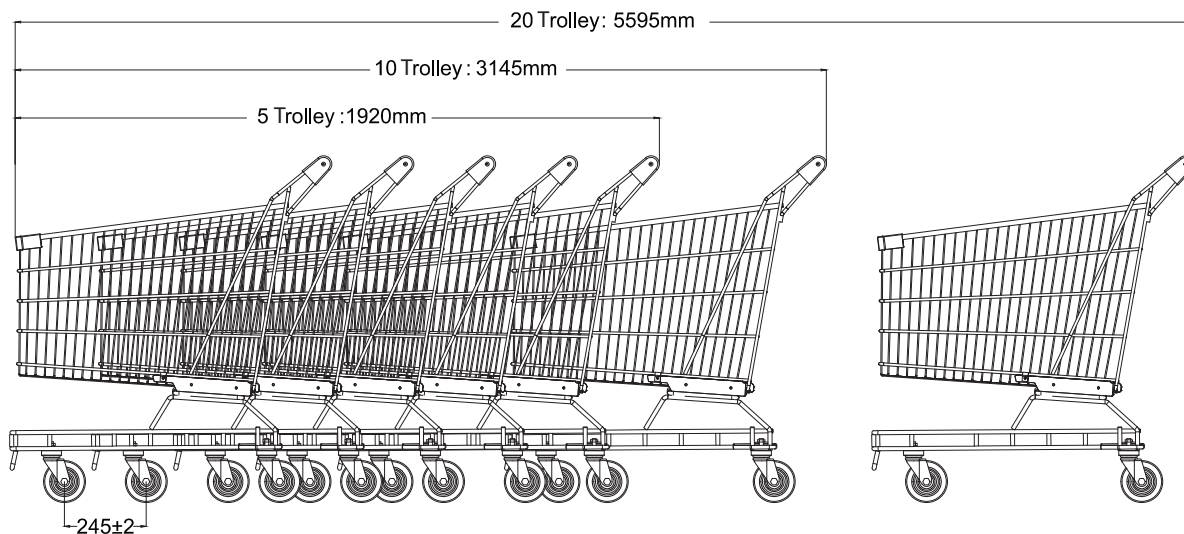

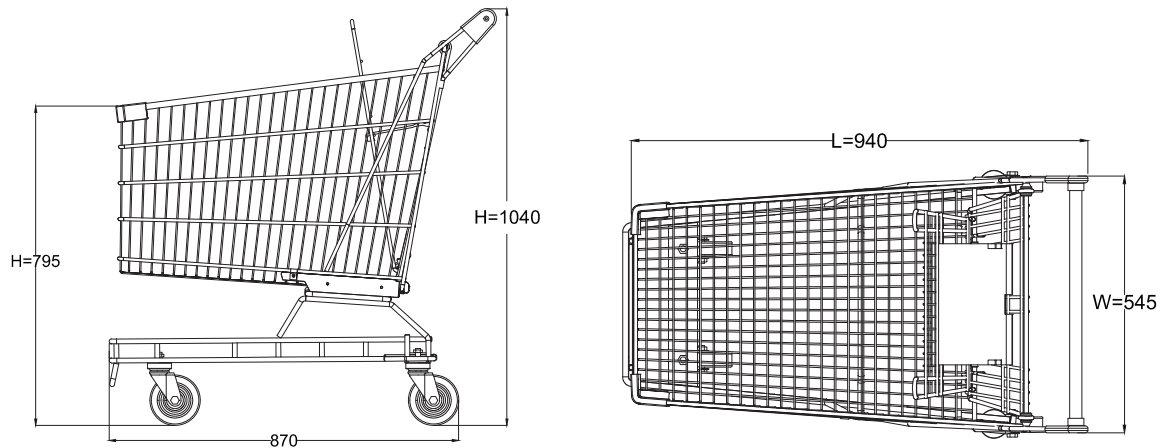

## Peace Of Mind & Service Reports

With a Preventative Maintenance Program, Store Managers will have one less operating issue to worry about. An experienced Technician will maintain their Trolley fleet to ensure it will operate to the customer's expectations. Detailed service reports, including work completed, fleet size, condition reports, issues and recommendations will be kept on behalf of the store and submitted on a quarterly basis.
